

Economics Interest Club
Annual Report 2022-23

About the club-

The Economics Interest Club/Group was in the second year of its initiation. The club prescribed the phrase “a non-academic academic club”. With over 300+ members under its purview the club saw some great turnarounds. The club initially focussed on binding the members together with discussions and forums where people can share their knowledge and showcase analytical ways to think.

The first two terms or rather a semester saw discussions, debates and other forums inviting emeritus professors to showcase how basics of economics can be seen with a different eye. The most famous one being Professor John Hey, an emeritus professor coming to FLAME and showcasing his presentation on how concepts like even demand supply can be altered in its concept and utilized in daily values.

Executive Committee: The EC consists of members who are handling day-to-day operations of the club and are ultimately responsible for all the Club’s activities. The Executive Committee must be composed of the President (Harshvardhan Mehta), Vice President (Shatakshi Kaushik), Secretary(Abhinav Mookim) and Treasurer (Akshita Mathur).

The club’s Executive Committee may elect club members to sub-committees positions in charge of particular portfolios (such as contents, creative, logistics, etc.) to assist them in the operation of the club. The sub-committees typically operate under the direction and supervision of the Executive Committee (6 members).

Active Member: An active member is a patron (member) of the club who is recorded in the club’s membership register with at least their full name, email address, and student ID. The Executive Committee will select the Active Members to be part of an Election Committee at the end of each academic year.

Club Activities-

Hosting Emeritus Professor- 12th November

Hosting Professor John Hey was of huge honor. We had a class full of students going about different discussions on economic concepts. The professor came from the UK from the York university and gave us one of the most interesting experiences of one and all present here.

Treasure Hunt-

The students were given clues to find the next hint. These were based on economic concepts and trivia during World War II. There were 12 teams each consisting of 4 members each. The winning team received a voucher for one of the famous convenience stores of Pune.
