

The Queer Straight Alliance: The Collective

Academic year: 2020-21

Life@flame :

1. Welcome message/short description:

Hello, welcome to The Collective! Here at The Collective, we are a safe space where queer individuals and straight allies can come together and engage in meaningful discussions pertaining to the LGBTQIA+ Community. We also aim at providing those belonging to various sexual and gender identities with a platform to express themselves openly without fear of harassment or discrimination. Our mission is thus to make FLAME a safer, more inclusive, sensitised and positive space by spreading awareness and providing support to one another.
