Article I: Club Principles

This Student Club:

Aims to contribute towards the enrichment of the lives of all members of FLAME University. It shall not discriminate with regard to caste, race, religion, age, ethnic or national origin, gender, physical ability, or sexual orientation.

Will respect that differing viewpoints exist, and will work towards understanding these viewpoints, and giving all members the right to voice their concerns as long as they are within the bounds of acceptable behaviour within the FLAME Community.

Will work towards strengthening, not fragmenting the FLAME Community. It will use its influence to impact positively, all of its members- and by extension, the FLAME Community.

Article II: Name

This Club shall be known as the **FLAME Community Service Club** of FLAME University.

Article III: Purpose

The purpose of the FLAME Community Service Club shall be to engage with and support the communities within and outside FLAME University by providing them with a helping hand and facilitating not only their betterment but of the entire FLAME community.

Article IV: Club Leadership (Executive Committee)

Message from the Club President

Being part of the FLAME Community Service Club for the past two years as a club member as well as Vice-President, I am now familiar with planning and conducting community service events on campus. But I have realised that there is an immense possibility of expanding the community service network at FLAME University. Therefore my primary objective for the academic year is to encourage the student body to use the club as a means to enrich the lives of the FLAME community. I plan to motivate club members to consider club work to be a part of their weekly routine and engage in community service activities throughout the year.

Additionally, I want to ensure that the club members are satisfied with the proceedings and activities initiated by the club. I plan to circulate forms for getting feedback about the events conducted by the club after every term to get required feedback and suggestions for the improvement of club activities. Lastly, I hope to leave behind a new group of socially aware, concerned and diligent individuals who can take forward the club and its activities. I believe that these objectives will be helpful in creating a willingness to serve within the club members and also have a positive impact upon the relations between the student body and other communities within the university. I hope to fulfil all these objectives with dedication in addition to withholding the values and reputation of a FLAME University student.”

–Anushka Prapanna, President of the FLAME Community Service Club

Article V: Membership

Membership shall be open to all students of FLAME University.

Currently, more than 150 students are a part of the club. For the purpose of this document, only second and third year students have been included. By the next semester, the club should be able to provide a list of students from the first year as well that are actively involved in club events.

Article VIII: FLAME Support

It would be ideal if the university could support the club by motivating students, teachers and staff to take part in community service activities and subsequently giving valuable feedback to the executive committee of the club.

Additionally, it would be beneficial if the university could connect us with NGOs outside campus and support us in organising events on campus in collaboration with them.
