

FLAME Cooking Collective Annual Report 2022-23

About the Club

The FLAME Cooking collective, newly started this year, experienced immense love from the students. This innovative club provides the students a platform to showcase their passion for cooking, irrespective of their experience or skill in cooking. It is an amazing way to try out new foods, test new recipes and, most importantly meet new people and make new friends. Throughout the year, we conducted several events.

Executive Committee:

The EC consists of members who are majorly responsible for all of the Club's activities and decision-making. The Executive Committee includes the President (Aparajita Vaid), Vice President (Charvi Chatterjee), Secretary (Tarini Suri) and Treasurer (Pratham Karnani).

Core Committees:

To support them in running the club, the Executive Committee of the club may elect club members to core committees in charge of certain portfolios (such as content, design, logistics, and social media). The Executive committee normally directs and oversees the work of these core committees.

Active Member:

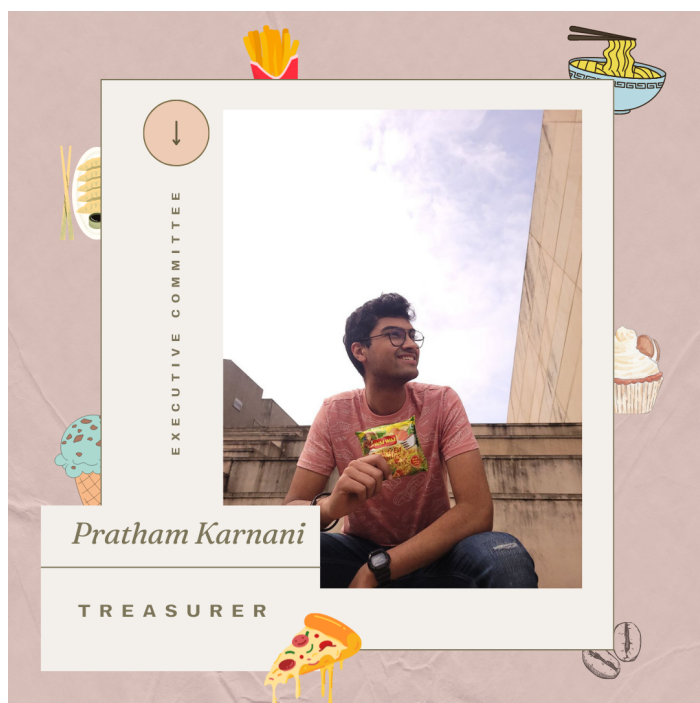

An active member is a patron (member) of the club who is recorded in the club's membership register with at least their full name, email address, and student ID. The Executive Committee will select the Active Members to be part of an Election Committee at the end of each academic year.
