From the Club President:

Hello, I am Disha Pruthi and I am looking forward to carrying forward the legacy of the Community Service Club. I have always believed in giving back to the community, because being a part of a community and giving back can make us feel as though we are a part of something greater than ourselves; it lets one involve oneself in putting forth change for a greater cause. The club's goals and aspirations deeply resonate with mine and drive me to do better each day. I was a part of the club's events and planning team last year and prior to that, I was always actively involved in all community service initiatives such as teaching underprivileged students after school to taking preventive healthcare to rural india. My experiences have helped me understand the importance of contributing towards change, even if it's only in an individual's limited capacity; I have been able to observe and feel the happiness that comes from doing something for the community. There is nothing quite like it. Our primary objective at FLAME Community Service Club is to spread happiness and bring smiles. Over the year, we'll be working towards the betterment of the community, collaborating with various clubs and NGOs and welcoming all who want to join us on our journey.

Article VII: Club Plan for the Academic year 2022-23

We are working on the Club Plan for the year where we aim to collaborate with various other clubs at FLAME and NGOs. Since the exact dates and events would depend on external factors like availability of partnering NGOs, it is hard to establish a concrete plan. However we will update the section at the earliest possible. Based on some preliminary discussions, our ideas for this academic year range from awareness workshops and blood donation camps to cleanliness drives and bake sales, all to raise awareness and money that can be extended towards other causes as well. The two years of COVID have impacted our club adversely however, this year we are optimistic about making a comeback.

Article VIII: FLAME Support

It would be ideal if the university could support the club by motivating students, teachers and staff to take part in community service activities and subsequently giving valuable feedback to the executive committee of the club.

Additionally, it would be beneficial if the university could connect us to NGOs outside campus and provide support while organizing events on campus.

Article IX: Expected Budget/Sponsorship-Raising Plans

We will update this section as soon as we have a more concrete event schedule for the year.

Declaration

We, the Executive Committee of the club, have read and clearly understood the terms and conditions of the Club and roles and responsibilities of the various office bearers.
