At FPC, we believe that every photograph has the power to freeze a moment in time and capture memories that last a lifetime.

Executive Committee:

The backbone of our Club's activities and decision-making lies in the capable hands of the Executive Committee. This dedicated team of individuals comprises our Club's top leadership and is responsible for ensuring that all operations run smoothly. Our Executive Committee includes the **President**, Toshet Sethi, **Vice President**, Mrityunjaya Lala, **Secretary**, Divija Adappa, and **Treasurer**, Neha Tuheen, all of whom bring their unique talents and expertise to the table. Under their guidance, our Club thrived and continued to be a dynamic and thriving community.

Core Committees:

To ensure efficient operation and management of the Club, the Executive Committee has the authority to elect members from within the Club to serve on core committees. These committees oversee specific portfolios, such as design, logistics, website, documentation, and social media. While the Executive Committee oversees the work of these committees, each committee operates independently, led by a designated member. For instance, the documentation team was led by the Vice President, while the other core committees were headed by the Secretary. Together, they work to ensure that the Club's activities run seamlessly and provide the best possible experience for its members. (Total CC members, 13)

Active Member:

An active member is a patron (member) of the club who is recorded in the club's membership register with at least their full name, email address, and student ID. The Executive Committee will select the Active Members to be part of an Election Committee at the end of each academic year.
