Presidential Statement:

I am Vedika Pipalia, currently a second-year student majoring in Psychology with a minor in Advertising. Art has fascinated me since I was a five year old child. Be it drawings, sketching, painting, observing carvings on the temple walls or looking at the fancy prints on wedding dresses. I was always intrigued by the beauty and simplicity that art held. Painting has been my friend during my hard times and has stuck by my side. I have 3 years’ experience in oil painting and I am more into that form of art. To be honest, I never wanted to be the club head; rather I always wanted to start an art club because of the passion I hold. I want to spread the message and let people know that art is a stress buster and can be done by any person. In FLAME, I have observed so many events and fests happening all-round the year. The music department, dance department, content department is already present, but I noticed there really was no art department who would help and be useful in organizing these fests. I have seen so many of my friends and fellow students at FLAME interested in art and exploring new things out. That is when a thought came to my mind, why not start an art club which would be an initiative to encourage all creative activities happening. Life is small and the least we can do is find beauty and happiness in little things. At FLAME, all the students are busy running throughout the day and the pressure of the academics is a bit too much at times. Students are constantly stressed between assignments and workload. Art is very therapeutic and relaxing. The Art Club aims at easing this stress a tiny bit off and taking time out for yourself as well. The main objective of the art club is to create a space for all members to express themselves creatively and challenge their boundaries. We encourage everyone with an open heart!

Objectives:

1. To promote, and encourage students to immerse themselves into different mediums of art.
2. To challenge members to improve upon their existing skills and for those who are fairly new to artistry to further explore art.
3. Conduct a new series of events each month.
4. To create a safe space for members to express themselves creatively.
5. To facilitate discussion, and dialogue in a warm, friendly, and open atmosphere where individuals feel free to speak their personal views on works of their choice.

Closing Statement: We are a group of people with a creative mindset who aim to create a space of positivity, imagination, creativity and exploration.
